GRADUATE PROFILE

The graduate profile in the Law Study Programme is to become legal experts and law enforcers. Psychologically, strong morality and mentality are needed, because they deal with various legal issues that require resolution. Curriculum development is directed at strengthening students' psychology to be able to become the expected graduate profile. In addition, the enormous challenges and risks faced by law enforcers require a very strong psychology to be able to carry out their roles. The construction of courses and learning outcomes is directed at forming a strong moral character to become defenders of truth and enforcers of justice.
